Professional Operational Experience

📅 01/2019 - present 📍 LA MESA, CA

Customer Experience / Vice President PenChecks Trust

- I currently manage a team of 34 Customer Experience Specialists. I reduced the average abandon rate from 31.5% to less than 1.2% in 12 months. Our inbound call volume increase in 2024 resulted in the highest volume of calls the company has ever achieved. We kept the service levels high and the abandon rate under 2% for the entire season. I focused on implementation, documentation, system development, and leadership within the team. I am currently in the process of transitioning the IRA department's inbound calls, emails, and faxes into our department and will scale the department to meet the business objectives.
- Focused leader recognized for delivering superior results.
- Well-qualified executive with over 15 years of experience managing high-level corporate operations.
- Articulate communicator, capable of building lasting relationships with senior management and vendors.
- Visionary, with a track record for finding innovative ways to execute operation plans.
- Known for managing turnaround projects within projected timelines.
- Experienced in the negotiation of high-level contracts.
- Championed the development and implementation of strategic plans and innovative operational plans.
- Willing to challenge the status quo and identify opportunities for efficiencies.
- An ability to appreciate the application of technology in relation to operations and to communicate effectively with IT personnel.
- Identify, mitigate, and resolve operational risks.
- Design and maintain user-friendly tools to capture and track critical issues, driving resolution, influencing change programs, and escalating to senior management.
- Strong background in driving and implementing different

References

📍 CEO

Spiro Prevolos **PenChecks Trust**

Troy Gittins is a highly motivated and experienced executive. Troy is a self-starter and his leadership was invaluable in our efforts to expand and professionalize our Customer Service operations. Troy is highly knowledgeable about building call centers, operationalizing multi-level service teams, and developing tools and systems for tracking and managing key performance indicators. I would highly recommend Troy for his expertise in these areas!

📍 CTO

David Peace **Skinit.com**

Troy is results driven, and consistently strives for excellence. Few people will match his level of organization and communication. Working with him was always a pleasure as expectations were always crystal clear. I have a high level of respect and trust in Troy, and hold him in the highest esteem.

📍 CEO

Doug McQueen **Your Results Marketing**

Troy is an expert at building high-volume operations and customer care systems. His ability to leverage and scale a business is outstanding. He was instrumental in setting up our cloud-based business operations using Salesforce, Project Bubble, Box, BringShare and Zendesk. Troy has the ability to see through the "fog" of operations and create sound business processes and implement cloud-based systems that connected our team's ability to be successful. His competitive nature is complimented by an honest desire to take great care of his customers. Troy's greatest strength is urgency and this reflects in his responsive attention to customers' needs. He is a great asset.
